

## Automatic guiding system

### Applicable products

These spare parts are used in the following AGS products:

#### Guide units

XLRQ 284×196 _/B	XLRQ 284×196 F/BF
XLRQ 455×196 _/B	XLRQ 455×196 F/BF
XLRQ 284×296 _/B	XLRQ 284×296 F/BF
XLRQ 455×296 _/B	XLRQ 455×296 F/BF
XLRQ 486 A/B	XLRQ 486 AF/BF
XLRQ 716 A/B	XLRQ 716 AF/BF

#### Cables

2 m: 5057678	3 m: 5057691
--------------	--------------

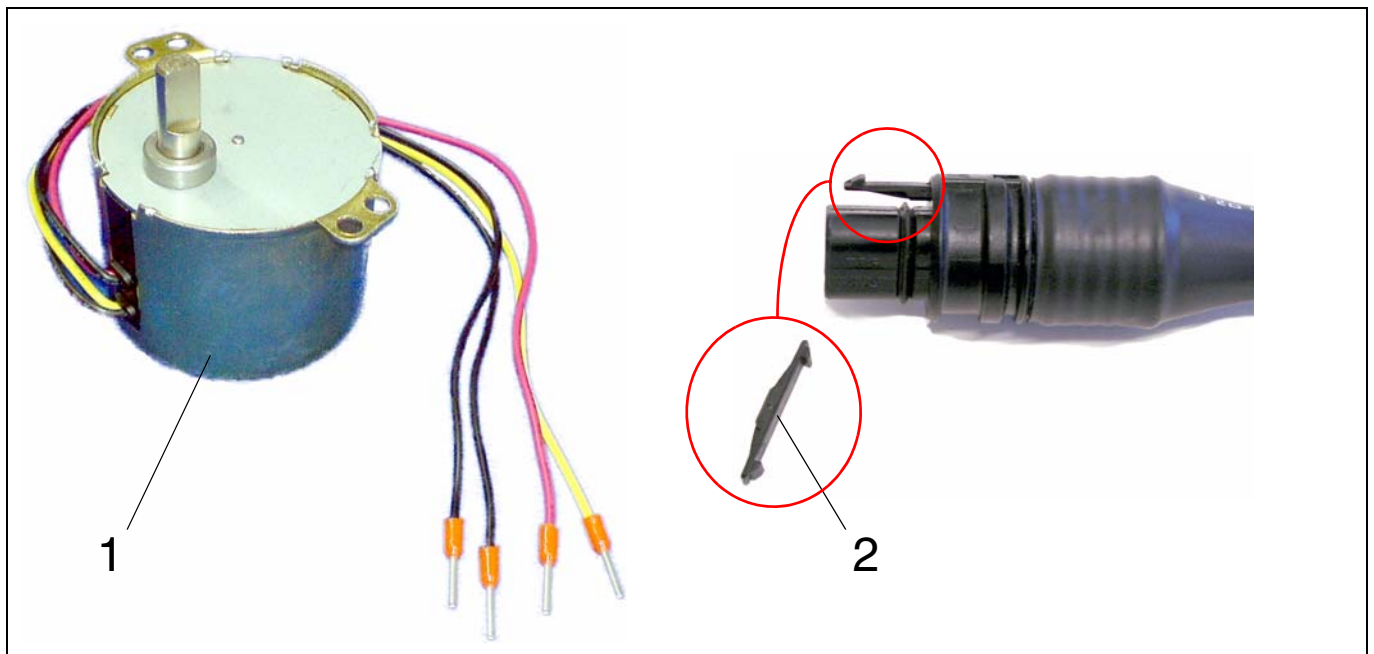

### Revision list

Doc ID	Date	Type of revision	Entered by
5358EN-1	2006-11-28	Initial version	BS
5358EN-2	2008-02-26	Change of motor	BS

### Compatibility with previous guide unit models

Due to a speed difference, all guide unit motors in a line controlled by a common control unit must be of the same type (either 5059231 or 5111436). Motor type 5111436 is recommended due to higher durability.

## Spare parts for AGS guide units and cables

Item	Description	Part No	Type*	Comments
1	Electric motor	5059231 5111436	1	Used in guide units with no suffix, suffix A, F or AF Used in guide units with suffix B or BF
